U.S. BANK VOYAGER LAUNCHES COMPREHENSIVE ONLINE MERCHANT LOCATOR

HOUSTON (May 7, 2009) – U.S. Bank Voyager Fleet Systems Inc. has launched a comprehensive online merchant locator that enables Voyager cardholders to easily find fueling and maintenance sites for the 230,000 locations that accept the Voyager Fleet Card throughout the United States.

Upon activating the locator, the user can enter a specific address, city and state, and/or ZIP code as a starting point, and choose a search radius from one to 40 miles. Additionally, a variety of fuel products and services, such as alternative fuels or sites that specialize in oil changes, glass repair, transmission service and more, are available to narrow the search and locate a merchant that best meets the needs of the user. The merchant locator is accessible through Voyager's online account management system, Fleet Commander Online or via Voyager's website at usbank.com/voyagerfleet.

Voyager's interactive locator will pull up to 50 locations in a given area using the search criteria and identify the type of service provided (fuel or maintenance). Designated icons give detailed driving directions and merchant information for each location.

"U.S. Bank Voyager is excited about the launch of this new online tool," stated Jeffrey A. Rankin, senior sales and marketing officer, U.S. Bank Corporate Payment Systems. "Voyager maintains an ongoing commitment to customer success. We developed the locator based on our understanding of our clients' business needs for a tool to assist drivers in locating fueling locations, and to serve as a valuable resource for making sound decisions about where to service their vehicles."

U.S. Bank Voyager Fleet Systems Inc. is a leading provider of the universal fleet fueling and maintenance card for over 1.6 million vehicles. Specifically designed to serve the needs of any size fleet, Voyager issues the Voyager Fleet Card, accepted at over 230,000 retail locations in all 50 states and provides comprehensive fleet management information services to commercial businesses and government agencies.
