

▶ Card Acceptance

▶ FUELING AND MAINTENANCE

CarterEnergy's Complete Fleet Card is one of the nation's most widely accepted payment cards for fuel and fleet-related services.

Currently accepted at over 230,000 fueling and maintenance locations with new locations added daily, The Complete Fleet Card is the ideal solution for operating fleets of any size that need a payment and reporting solution for fueling, maintenance and service needs.

Fleet administrators fully benefit from The Complete Fleet Card's controls, online account maintenance, report billing and informational tools. Drivers, in turn, can operate their vehicles with the assurance that they will have convenient access to fuel, maintenance and related services wherever they drive.

▶ ACCEPTANCE OPTIONS

CarterEnergy works with major fuel and maintenance vendors to ensure that they accept the card electronically.

In addition, The Complete Fleet Card is accepted via TeleTrans, a convenient and innovative product that allows fuel and maintenance vendors to be set up quickly and easily without POS equipment. This concept allows access to your local preferred vendors, while still maintaining the reporting you need.
