

▶ Card Acceptance

▶ FUELING AND MAINTENANCE

FuelTrac's Fleet Card is one of the nation's most widely-accepted payment cards for fuel and fleet-related services.

Currently accepted at over 230,000 fueling and maintenance locations with new locations added daily. The FuelTrac Fleet Card is ideal for organizations operating fleets of any size that need a payment and reporting solution for fueling, maintenance and service needs.

Fleet administrators fully benefit from the card controls, online account maintenance, report billing and informational tools. Drivers, in turn, can operate their vehicles with the assurance that they will have convenient access to fuel, maintenance and related services wherever they drive.

▶ ACCEPTANCE OPTIONS

The FuelTrac Fleet Card program works with the major fuel and maintenance vendors to ensure that they accept the Voyager card electronically. In addition, the FuelTrac Fleet Card is accepted via TeleTrans, a product that allows fuel and maintenance vendors to be set up quickly and easily without POS equipment. This convenient and innovative concept allows access to your local preferred vendors while still maintaining the reporting you need.
