

# Internet Access & Reports

You will have full Internet access to all of your transactions through...

## “FLEET COMMANDER ONLINE”

With over 15 reports online, you can track your fuel and maintenance transactions anytime!

- **Card and Driver Reports**
- **Inventory Reports**
- **Transaction Reports**

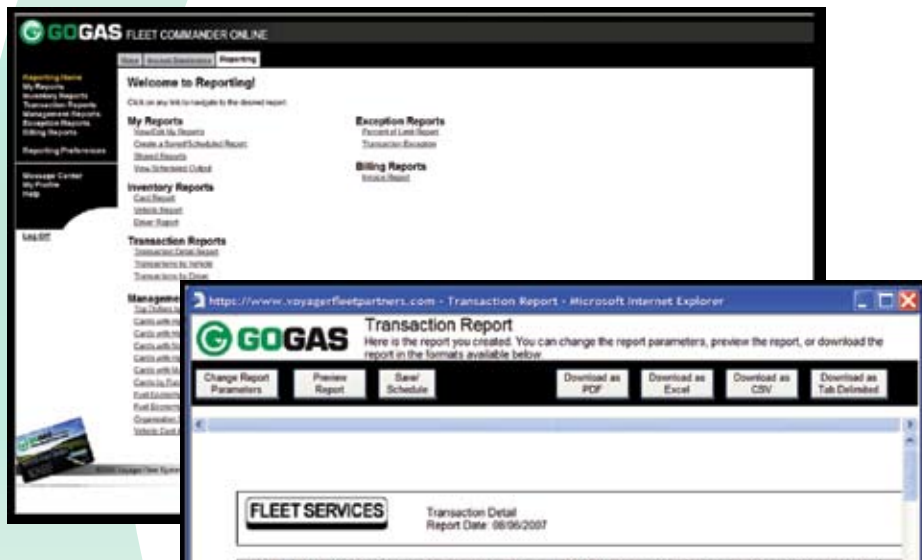

Run reports to track where your drivers are fueling, how much they are spending and what fuel grades they are buying.

- **Management Reports**

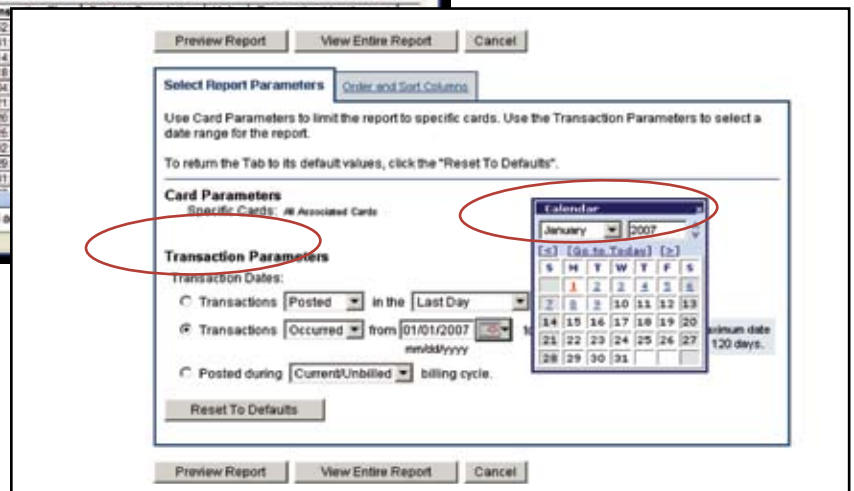

Management reports such as “cards with high gallons” and “fuel economy by vehicle” help you proactively manage your fleet.

- **Exception Reports**

Transaction reports alert you to unusual activity within the parameters you set: such as gallon limit per transaction, valid fuel products, and time of day.

You can download all your reports to a PDF format or directly into a Microsoft Excel spreadsheet.

Check your fuel transactions daily to find out how much you are spending!
