▶ ONLINE FLEET MANAGEMENT

Fleet Commander Online is the industry's most robust and user-friendly fleet management website.

Fleet Commander Online offers clients more command and control through a secure, web-based fleet and fuel management program. No other fleet payment solution provides better account and spend control capability.

Fleet Commander Online provides total access for clients to observe, track and manage fleet operations and accounts. Complete Level III data capture gives fleet administrators all the information needed to manage fleet and account activity from the desktop. With Fleet Commander Online, fleet administrators are able to manage fleet operations from any location and at any time with the security of an encrypted, online portal.

▶ FEATURES

Fleet administrators have the ability to customize the controls and features necessary to manage their fleet in greater detail. Fleet administrators can also evaluate costs; customize reports to their own specifications and make informed decisions with the click of a mouse.

Effective management tools allow users to update information at the individual card level or for an entire account. Fleet administrators can create custom reports or utilize pre-formatted templates. Fleet Commander Online can also schedule, save and even delete outdated reports per user settings.

Clients access Fleet Commander Online via a web browser and securely access their account with a user name and password. Navigating the site is easy and intuitive.
