

## ▶ Card Acceptance

### ▶ FUELING AND MAINTENANCE

The Rhoads Energy Card is one of the nation's most widely-accepted payment cards for fuel and fleet-related services.

Currently accepted at over 230,000 fueling and maintenance locations with new locations added daily. The Rhoads Energy Card is the ideal solution for organizations operating fleets of any size that need a payment and reporting solution for fueling, maintenance and service needs.

Fleet administrators fully benefit from the Rhoads Energy Card's controls, online account maintenance, report billing and informational tools. Drivers, in turn, can operate their vehicles with the assurance that they will have convenient access to fuel, maintenance and related services wherever they drive.

### ▶ ACCEPTANCE OPTIONS

The Rhoads Energy Card program works with major fuel and maintenance vendors to ensure that they accept the Voyager card electronically. In addition, the Rhoads Energy Card is accepted via TeleTrans, a product that allows fuel and maintenance vendors to be set up quickly and easily without POS equipment. This convenient and innovative concept allows access to your local preferred vendors while still maintaining the reporting you need.
